

[Note: Survey will be included in the Fall Town Newsletter]

Comprehensive Plan Community Survey

We need your help. We need about ten minutes of your time . . .

In 1997, the Town conducted a survey of all its residents to find out what people think about land use issues. The Town is now preparing a comprehensive plan, and it's time to hear your thoughts on these issues again. Development of the Comprehensive Plan gives you an opportunity, as a resident or business owner, to help guide Nepeuskun into the future. This survey, prepared by the Town Plan Commission, seeks your input on some of the key issues that will be addressed in the Comprehensive Plan.

The responses you give to this survey are intended to be anonymous. No signatures are needed. If more than one person in your household would like to fill out the survey, feel free to photocopy the survey, or download it from the Town website (<http://townofnepeuskun.org/>).

Please take a few minutes to complete the survey questions. Your answers and comments are very important and will provide critical input for the Comprehensive Plan! **Please complete the survey by November 17th and return it by mail as instructed on the back of the survey. You can also drop the survey off at the Town Hall on Election Day (November 4th).**

Thank you for your time!

___2 acre ___3 acres ___5 acres ___More than 5 acres

8. How involved do you think the Town Board should be in protecting ground water quality and drinking water?

___No Involvement

___Provide Information

___Regulate land uses and activities that adversely impact water quality

9. How involved do you think the Town Board should be in protecting surface water quality (i.e. lakes and streams)?

___No Involvement

___Provide Information

___Regulate land uses and activities that adversely impact water quality

10. Should the Town Board enact an ordinance addressing surface water runoff issues (e.g. prohibiting lots from being filled higher than those lots which surround them without providing for proper drainage)?

___Yes

___No

___No opinion

11. Please rate your view of the relative importance of the following land use issues in the Town.

	Not important	Somewhat Important	Very Important
Protect natural areas and environmentally sensitive lands			
Protect Rush Lake			
Protect prime farmland			
Promote compatible land use patterns (e.g. by restricting the location of potentially conflicting uses such as industrial next to residential).			
Cooperation between the town and Winnebago County when making land use decisions.			
Limiting the visual impact of development			

12. What's the best way to accommodate new housing in Nepeuskun so that it doesn't detract from what you like about the town?

___Cluster housing in specific areas

- Scatter housing throughout the town
- A mix of clustered and scattered housing

Why?

- 13. Do you think the Town should purchase land for a park along the recreation trail?
 Yes No No opinion
- 14. Is there a need for a parking lot along/near the recreation trail?
 Yes No No opinion
- 15. Is there a need for senior housing in Nepeuskun?
 Yes No No opinion
- 16. Please indicate any additional comments or suggestions you may have concerning land use, conservation, or development issues in the Town of Nepeuskun.
- 17. Should the Town establish regulations to restrict the height and location of communication towers and windmills?
 Yes No No opinion

THANK YOU!
